7. Description Of Incident

While the starting procedure the start boat was drifting to leeward. Because of that I was over the line. This drifting was also in the starts before Where we had Delay of Start because of that. I sailed to the start boat and asked them why we had delay of start and they said to me they were drifting. They started the race eventhough they drifted. GER 214185 was to the Right side of the start boat and saw that it was drifting down.
