## 7. Description Of Incident

Our boat Katerina was travelling right winded heading for the race 2 start line. In front of us another boat, Niki (sail GRE 860), was crossing our course coming left winded. He saw us but did not take evasive manoeuvres. We yelled at the captain of the other vessel urging them to change courses. The other vessel did not change course, or tried evasive maneuvers despite the fact that we had right of way and they did not. On our side we also tried evasive manoeuvre. Our vessel's stern hit the other vessel's bow, on their starboard side. There was damage on our anchor area and handrails, and stern area. Had we not maneuvered the collision would have been even more severe. Damages will need to be assessed once we reach port. The event happened before we had crossed the start line and the Race Committee boat took note of it.

## 8. Damage Or Injury

No injury. Damages will need to be assessed once we reach port.
