Scoring Inquiry:

I have retired from the race number 3 on 14/06/2024 and stopped that race at the end of leg # 3 (course out) and came to the finish boat to tell to both race officials on board that I was retiring and also that I wanted to protest against one competitor. At that time the wind was strong and I understood that they had difficulties to hear me. I came even closer to the boat and repeated at least three times that I was retiring from the race. It seemed that they had understood me so I sailed onshore. Yesterday late in the evening to my big surprise I saw on the result list that I was posted first for that race... which is totally incorrect. I should have been posted as DNF. Please can you amend the result so that the finishing boat have no prejudice from this error ? Thank You.

Witnesses:

The finish boat.

Response:

We checked and confirmed that you was retired.
