Scoring Inquiry:

Dear Organizing Body, we are to request the application of Rule 62.1A since, on the Notice of Race N.O.R. there is a contradiction: that is, although the Additional Information specifies that chartering is not part of the N.O.R., later it is instead specified that all charter management- both of boats and sails- Is handled by the International Class Association. This is a contradiction. At the same time, when I applied for charter boat under the guidance of my mother -she being of age- all responses and communications came to us directly from Piotr, Segretary General of the Class. We consider it appropriate for the Class to be part of the Organizing Body, therefore we are to ask you to apply this rule. We ask you to apply Rule 62.1A for the 7th and 9th race because, between the 7th and 8th race, my coach put the boat on the dinghy to empty it completely from the water: in the 7th race I came 16th, in the 8th race I came 1st. Between the 8th and 9th race my coach was unable to empty the boat from the water as he was engaged in 3 categories, U12, U15 and U17. This penalized me and I came 19th. Today, in the 10th race, I came 3rd After Samuel intervened in the repair of the boat. Thanking you for your attention, we look forward to your feedback
