### Scoring Inquiry:

I am scored DNC, my sail number is 261126 but numbers came off as the day went on as I put the numbers on when it was wet so they couldn't stick very well. You can inspect my sail and see the 6 is also coming off. I'm not sure where I finished in any of the races. Somewhere from 6-8 in races 1,3,4 and DFL in race 2

### Response:

There is photographic evidence off your sail before race 1 and in between the first start which was ap'd with 4 digits numbers only. And all black digits.
