Mis-counting of lap 31.

#### Race conditions

#### Lap time counting.

- lap 31 is a time of two laps.
- lap time of the 31 lap was 33:31.0., which is twice as long compare to the lap prior (15.20.0) and after (14.38.3).
- same crew was on board and no change over during that time.
- crew and helmsman confirmed there was no operational issue, capsized would caused the abnormally longer time.
- our team member, Michelle and Ming was on land watching and didn't see any abnormality.

#### Possible reason

- unclear sights lap due to crowded channel and insufficient lighting at night.
