### Scoring Inquiry:

Hi. 212 scored second place and 287 was in third...

There are several major discrepancies on the Sunday scoring, FYI. I know that 221 should have a DNF, and 301 went in early.

### Witnesses:

no.

---

### Response:

The score sheets show that you crossed the finish lines twice. Per the PRO, all boats in that race crossing the finish line twice are to be scored in their second crossing.
