Scoring Inquiry:

In race 2 of the regatta AUS 10 was called ocs. However in that race I had a horrible start and was to leeward and astern of half of the fleet. The only photo I found of that start has us out of frame way behind the line as we were the most leeward boat. I'm making an enquiry to see how I was called over. The attached photo is of race 2 and has the 470 flag about to be pulled down. We were positioned to leeward AUS 95 (the blue hull), and to leeward and behind AUS 17. This photo has us safely behind the line.

Response:

Tape was play to the competitor and a photo of the OCS boats. The competitor accepted the OCS score.
