### Scoring Inquiry:

We have previously filed an enquiry on the race 8 score (ufd based on what was indicated when I finished the race). However the posted score last night indicated a non ufd.

But based on my enquiry, I was called up and shown a video this morning which didn't show any sail numbers clearly and the race comm officer also told my mom and me he couldn't see my number clearly in the video this morning.

With the updated score from 1030am, I was given a ufd again and the reasons were based on scoring sheets and video. Can you please look through the evidence again based on 2 points 1) video was unclear 2) and the original posted score last night clearly indicated I didn't ufd which i will assume the scoring sheet given to the final assessor for race 8 yesterday would have already taken into consideration of what was scored by the pin or comm boat.

### Response:

Corrected Score: 45

After reviewing the recording, position re-instated. UFD has been lifted for R8.  
position 45 after 3355
