

Cadet Peter Scott Trophy

Scoring Inquiry

Race Date: 2025-05-03

Received: 2025-05-03 21:11 UTC

Request No.: 01

Course: D

Race No.: 2

Posted Score:

Competitor: Cadet - GBR 8513 - Di Maggio - Bruce Ward

Scoring Inquiry:

Can you please clarify why 8513 was given a NSC. Both Bruce and his crew have no doubt they sailed the course correctly. They are convinced they went through the gates on the 2x sausages each time. They sailed the exact same course as others in the pack, were in a pack and were never protested. They crossed the finish line just behind Will Hancock and Josh Davidson.

Witnesses:

Until you clarify the reason for the NSC it is not possible to provide witnesses, however if you let us know what the charge is we we can take it from there and confirm witnesses. A number of other sailors including Monty Hampton have come up to us afterwards and as we discussed various parts of the course we have witnesses such as Monty who saw us rounding marks properly, to a safety boat which saw them go through the gate between the committee boat and start line and a safety boat which saw them cross both 1 and 1a at the top of the sausages. Please clarify specifically why you think they were NSC so we can resolve this further. thank you.

Response:

8513 was noted as having missed the gate on the up wind leg at the end of the first sausage, by 2 recorders. Previous boat 9292 crossed correctly as did 10131 who was behind 8513 on this leg.
