Scoring Inquiry:

We cannot find any of ours, or the other competitors, ORC certificate TOT numbers that correspond with the handicap/time deltas given for any windspeed or angle that aligns with our score in Leg 1. The following legs 2 and 3 seem more in line, despite the race conditions being similarly upwind. Could you please re-check the rating handicap number for us for the WRS used on Leg 1? Thank you.

Response:

RC has run the WRS again this evening with certificates updated today. There was no change to the score.
