**Request No.: 07**

**Course: VI 360**

**Race No.: Leg 3 and 4**

**Posted Score:**

**Competitor: 0 - Dark Star**

### Scoring Inquiry:

Dear sirs, my previous scoring enquiry was not addressed in your response. We know our corrected time was incorrect in races 3 and 4, and we are quite sure it is also incorrect for races 1 and 2. The other boats in our class appear correct. See the attached file. Please correct the scores or will protest. Respectfully, Jonathan McKee

### Response:

The RC has reviewed an Excel Sheet that you shared with us. Thank you.

Below is an outline of the steps we have taken to address your inquiry:

1. The RC has downloaded your ORC Certificate from Sailor Services and that information was in our scoring software .
2. The RC has downloaded a visual (non-digital) certificate from ORC Sailor Services.
3. RC has compared the certificate to the ToT numbers used in the Scoring software.
  1. We concluded that: the software reflects the values in the certificate for the scoring model chosen by the RC for legs 3 and 4.
4. The RC has further reviewed the file that you shared with us.
  1. We note that you used your Double Handed ToT factors to calculate the corrected time in your spreadsheet.
5. RC Has reviewed all of the check in sheets.
  1. We note that you have not declared double handed at check in and are racing with 5/6 crew.

**RC Concludes:** the correct information has been entered in the ORC scoring software, and the correct procedures have been followed for Legs 3 and 4. We do not feel that any

changes to the scores of Legs 3 and 4 are required.

We have attached a copy of your certificate to this response.
