### Scoring Inquiry:

On July 2nd, I went out to the race course, registered with the race committee and started the race. After the start, we heard a rumble and decided it was not safe to continue racing. A few minutes after we bore off, we radioed our message to the R/C that we were retiring and they responded with a thank you. However, we were scored as DNC, instead of retired, even though we clearly radioed the R/C that we were retiring from the race. In the Sailing Instruction for the GNS, point 4.3 makes it clear that we are racing once we have registered with the R/C, which we clearly did.

We would like our score from that day to reflect a DNF and not a DNC.

Regards,

Rick
