Scoring Inquiry:

On the first race of the day the official results claim that i did not compete (dnc). I am shocked by this result as i finished around the middle of the fleet. At the end of the first lap i looked at the committee and there wasn't a blue flag displayed anywhere so i assumed i had to do a second lap however a black and white flag was displayed. The group of boats behind me also did the same as me and i assume they also got dnc's. Later in the racing i understood that what was supposed to be a blue flag had been replaced without announcement by a black and white chequered flag. In the first race i was therefore unaware of the arrival of the leaders as the wrong flags were displayed. I am therefore asking for a redress to be placed at the least before the boats that only completed one lap. I cannot remember the numbers on the boats that finished around me but i assume they were also noted dnc.

Witnesses:

I dont have any witnesses but i believe that the other dnc's will comply with my request.

Response Title:

Corrected Score: 38

Again: We are sorry about your shocking. You are 100 boats, we are just few people, a mistake is human. Sorry about.

We listed again the registrations of the laps and we found you and you are now in the results.
