Scoring Inquiry:

I sailed and finished race 5 today. We crossed the line about 100 metres in front of an Australian boat - we think 15154. I could not see the number of the boat in front. The blue flags were still in place when we crossed, although there were many boats sailing through the line towards us awaiting the next start.

Response:

After checking we confirm DNC, also AUS 15154 is DNC
