Scoring Inquiry:

i was flagged twice, i went to retire and i started rocking my boat to the right side of the course. Jury flagged me a third time for rocking my boat, but i told them i had already retired and i was trying to find my coach. They said "okay then you'll be marked as retired". score posted said i had dne. Yuk Jun Lim was with me when i was flagged the second time and i also informed him i was going to retire right after i did my penalty.
