Scoring Inquiry:

My inquiry is about the start at race 2 of the world championships. We were black flagged. We are Bow 45. We were behind two boats that were not on the black flag board. Bow 28 who was bfd was ahead of us. Bow 47 who was not bfd was ahead of us and 32 was ahead of us both black flagged. So my question is that I would like to hear the tapes and or video to prove when our bow went over the line.

We (bow 45) after the gun went off were slightly to weather and behind these particular boats and some others. We then knew it was so left hand favored that we reached below all the boats ahead of us and charged out left. Again. If that all happened how and when and why were we called over? And which boat called us over.

I do believe we were wrongfully called as bow 47 and 46 we're around us and ahead of us and not black flagged.

Response:

This scoring enquiry was answered in hearing No. 7.
