Scoring Inquiry:

6th Race, Blue Group

I started in my (blue) group and finished as the last one because i capsised.

I finished behind Stefan de Vries of the yellow group.

When i had passed the finishing line a Jury Boat came to me and asked me in which group i started.

My answer was: in the blue group.

In the results i got an DNC. Is this ok?

Witnesses:

Not known because i was the last competitor in my group...

Response:

Corrected Score: DNS

DNS: Departure in the Yellow Fleet instead of the Blue Fleet
