Scoring Inquiry:

I did not come 25th. I did 2 laps, and many of the people who you have counted ahead of me did 1 lap. I did not however finish in the time limit. As per the SIs 14.1b, I get my score at the last lap rounding. In which I was around the same position as Merryn Attridge. Please may you correct. Adam Rayburn James who like me did 2 laps, and also did not go through the finish line got scored 10th. I believe I was ahead of him.

Thank you
Samson
