Scoring Inquiry:

As the season is finishing, I checked my results and, to my surprise, I was marked as did not compete on Tuesday, June 24.

I remember that race vividly, as this was the night with over 20 knots of wind, and I raced with 2 newbies who had never raced.

We started the race and did half of the race (windward-leeward) and were starting the second sausage when the wind increased to over 20 knots and I started to be worried about the safety of my crew. I decided to retire in these severe conditions.

I see that, in that race, some boats were scored as retired or DNF but I was scored DNC. I am asking for a correction to depict reality for that night.

My crew of 3 and boats from the Royal Luc Vallée on Just Now and François on Jammin and Richard Fabien on Ghost Howl can attest to my boat racing that night.

I am sorry to request redress for June 24, but as I trust your team and my good friend Evert not to make mistakes, I do not check each race scoring...

I would not challenge my relative time or position in a race but I pride myself in sailing every time I have a chance.
