Scoring Inquiry:

My Vakaros displayed UFD right after the start and I stopped my race as to not interfere with other competitors. While reviewing the tracking on the racesense website my boat appears to be behind the line at T-0. I would like to ask you to review this tracking as I believe I was behind the line. In addition to this, there were other boats that started over the line and were not marked as UFD as they decided to complete the race. One of these boats is USA 3674 who clearly was over the start line but was marked as 4th place in the race
