

DBSC 2026

Scoring Inquiry

Race Date: 2026-04-23

Received: 2026-04-24 18:33 UTC

Request No.: 02

Course: H3

Race No.: 1

Posted Score: RET

Competitor: Mixed Sports Boat - Red Fleet Only - IRL 8750 - Jester - Declan Curtin

Scoring Inquiry:

Sail No 2 George J2 is placed 1st. I think this is a mistake as it was impossible to finish this course by 19:52:27 in these conditions. I think they were given a finish at Molly without sailing Marks V, R, V.

Sail Number 1793 Lady A is placed second at 20:40:55. We didn't witness the finish but would like to query the result with the RO. Shortly after we passed Mark V for the first time the RO broadcast that he was going to shorten course only for those fleets that hadn't rounded Mark V. Boats from SB20's and Mixed Sportsboats had rounded Mark V by then. Therefore, these fleets were not shortened. Because Mixed Sportsboats weren't shortened 1793 would have had to sail the whole course and finish to windward of Mark V. This would have required a second finish line to be laid. To the extent the 1793 sailed the whole course and finished on the correct finish line this part of the Race Query falls away.

Lastly, we understood that J80's are to be given separate results on the one design basis. I don't see these results posted. Can this be addressed?

Thank you,

Declan Curtin

Witnesses:

J80 1730 Austin Kenny - we were in close contact with them after rounding Mark V

Response:

The finish sheet clearly shows the time as posted in the results, with J80 Sail No. 2 being the first Red fleet boat to finish. If you believe they sailed the wrong course, your course of action is 1) ask them to retire, or failing that 2) lodge a protest.
