**Request No.: 29**

**Course:**

**Race No.: All races for all classes in 2026**

**Posted Score: All posted scores**

**Competitor: Dragon - Red Fleet and Green Fleet - IRL 161 - Sir Osis of the River - Denis Bergin**

#### **Scoring Inquiry:**

Our scoring Secretary has posted incorrect results for every DBSC Class and for every race in 2026. Please amend the results for every race in 2026

Our scoring Secretary is scoring boats that do not race DNC as the number of boats in each class plus one.

This is completely incorrect

The DBSC Scoring Rule is crystal clear .

It refers to the number of boats that come to the start area.

That is a number that is not limited to any individual class but is the sum of all boats that come to the start area.

Please correct every result and every race

#### **Response:**

Corrected Score: As Displayed

We are satisfied that scoring has been done in compliance with the Notice of Race and Sailing Instructions
