Scoring Inquiry:

Hell, It does not change anything in my position but remembering this race and looking at the Track I am 100% positive that I did not start before starting bell. In fact, I started a bit late. Please look at the tracking. I am writing you now because it just came out on the web.

Response:

In race 3, ESP4 sailed on the course side along the starting line during the last minute before her starting signal. While doing so, she was inside the triangle formed by the end of the starting line during the last minute before the starting signal, and thereby broke RRS 30.3, even if you were behind the line later.

Therefore, the score as UFD are correct.
