Scoring Inquiry:

After the race results were reviewed, my scores were changed from a 16th-place finish in the first race and a 7th-place finish in the second race to a 19th-place finish in the first race and a 10th-place finish in the second. This adjustment increased my overall race scores by three places in each race, which negatively impacted my overall standing despite my original recorded finishes. So please review the videos and fix my results.
