Course: Inner Trapezoid

Race No.: 5 and 6

Posted Score: UFD UFD

Competitor: Club 420 - 9275 - Na - Luke Roman

Scoring Inquiry:

Race 5:

I realized that the pin was 0-5 degrees from the committee boat while the wind was 90-95. My line-sight was some construction on shore. I was low on the line for the entire last 2 minutes towards the middle-pin end of the line and leeward under most of the fleet. We were in a really bad spot after 'go' due to the boats high-over the line. We were forced to sail in bad air until we were free course far left.

Race 6:

In this start the line was set similarly and we were way under the pack near the boat end of the line, we ended up in a poor spot due to boats over the line and ended up banging the right corner and rounding mid fleet. We were approximately 1.5 lengths under.

If possible, I would like a chance to see the video of both starts. Thanks, Luke

Response:

Please come to the race office before 8:30 this morning.
