Competitor: PY - 3291 - john phelan

Scoring Inquiry:

Did Pico 11705 win in this race? Good for him if he did, just looks unusual with all DNCs, including in race 9, and then a race win in 8.

Response:

Corrected Score: For race 8, the result of 11705 is changed to DNF and that for 3291 changed accordingly

The query was referred to the Race Management for the evening. After considering the matter, they have amended the recorded results of the race to show 11705 as DNF in both races sailed. The scoring has been amended accordingly and the results republished
