Scoring Inquiry:

Hi, we actually had a second race yesterday, but the results are not showing online (they are there for the other classes (Flying fifteens)), so I think there may have been an error. There were two starters, ourselves and "turbulence too" irl 3571. Ted irl 3809, finished the race, but we don't have a score. I'd be grateful if you could take a quick look. Thanks in advance for your help, Michael
