Scoring Inquiry:

In a given series if all 5 races are raced the GNS SI call for one through out but in some series there were only 4 races and still one was thought out, that is not correct and needs to be adjusted

Response Title:

The screenshot shows a web browser window displaying a sailing results page. The page has a sidebar with a list of series (Series #1 to Series #10) and a main content area showing a table of race results. The table has columns for Name, Date/Time, Type, and Size. Below the table, there is a section titled 'Friday Fun Races' with a table showing dates and results. To the right of the browser window, there is a document titled '14. SCORING' and '15. PRIZES' with text describing the scoring rules and prize structure.

14. SCORING

14.1. Each series will have 5 races.

14.2. Two completed races will count for a series.

14.3. When fewer than 5 races are completed, the race scores will be used to determine the series winner. Why race scores exclude the 5th race?

14.4. A boat that came in 5th place was disqualified and was not counted in the starting area.

14.5. Competitors send their points for all races.

15. PRIZES

15.1. Prizes will be awarded as follows: 1-3 entrants, 3rd prize.

15.2. Determination of winners based on the number of starters in each series.
