### Scoring Inquiry:

I did signed in and out. Please clarify why the committee mentioned why I did not sign in/out. Refer to attachment.

### Witnesses:

Damien Huang SGP3300 was my witness during sign out.

---

### Response:

It was reflected on the sign in/out sheet, that SGP 3838 did not signed in after the race.

Response at 7:51pm:

If you did check in, it was after the protest time limit therefore it does not count as having checked in after the race.

No changes are made.
