Request No.: 56

Course: Final/Medal

Race No.: Final/Medal

Posted Score: DNC91

Competitor: Optimist - Silver Fleet - SG SGP3330 - SZ 20302E - EVAN TEO EE WEN

Scoring Inquiry:

Regarding the final/medal race on 22 June 2022, Evan told me that he and a majority of his peers (they were together like a fleet cluster of boats) scored a TLE. As I checked the result at 6.00pm on 22 June 2022, Evan's rank was in the 48th.

We were happy for him as we knew that he had been working really hard throughout the races and generally consistent with his scoring and ranking thus far. At night, the father checked the overall result again and we were shocked that Evan's result for the final/medal race was DNC91, thus relegating him to the 60th rank!

Evan told me that he was sure that his score was TLE and his sister Emma saw that he was far away in front of her! Evan has indeed come a long way and this regatta reflects an improvement in his performance. He was indeed devastated and we couldn't understand why. Most of his friends had gotten a TLE 22 and his was relegated from TLE 22 to DNC91.

Therefore, we would like to seek a redress from the scoring committee regarding this matter. Thank you for your kind understanding in this entire matter and we really hope to hear from you.

Witnesses:

1) Emma Teo Su Wen (Sail 3636) 2) Travis (Sail 4556) was in front of Evan; according to Evan, Travis did turn around and saw him. 3) Two other racers (Sails 3800 or 3111)

Response:

Corrected Score: TLE (22)

Score amended to TLE.
