#### Scoring Inquiry:

I was late to check back in after the race. Due to finishing at the back of red fleet and the wind dying as I was heading in, as well as some issues sorting out my dolly, I got off the water really late. I didn't realize how soon the deadline for the check in was, and ended up missing it by 10 minutes. I've learned my lesson and will do it immediately after docking next time. Given that I only barely missed the window and this was largely because red fleet was significantly behind the other two radial fleets, could I please not have the 10% scoring penalty assessed. Thank you for your time and no worries if this can't be changed.

#### Response Title:

This is a very reasonable request. The organizing authority will not be assessing a penalty. JW
