Scoring Inquiry:

I am racing white sail but they score me spinaker 1.091 and should be 1.065

Response:

Hi Jacques, I updated the results for series 3, sorry, the RC confirmed they forgot to indicate white sail on the check-in sheet for race 7, I have not yet scored the race for last night because I am waiting for the RC to resend me the results, the result page they sent me last night is not legible. I have made a note to make sure I use your white sail rating when I score this race. -Wendy (GNS/SLVYRA Scorer)
