**Scoring Inquiry:**

Please will you explain why our position in the Bay Race has been changed. We were originally shown in the results as placed but in the latest results we are shown as not having started. We were over the line at the start, returned and re-crossed the start line and finished the race. Both our re-start and finishing times were taken by the Committee Boat. An explanation for this change will be appreciated. Many thanks. (paper form submitted 08:45 28-Aug, typed by SO)
