At the start of race number 3, 10-15 girls started on port tack- the start was with a green flag everyone needs to start on starboard, the girls that started on port need to be scored DSQ, in the posted results no one is DSQ.

After checking the records from pin end they were not able to recognize the numbers. They will put all efforts in the future races to be able to record if anybody starting on port while green flag is displayed.
