Scoring Inquiry:

24.4.3 A Marathon race will be scored as two races and a board's finishing position will be divided by 2 (two) and applied to each of these two races.

Therefore according to SI the women's fleet should have been awarded half points for the marathon, even though an example is given, this does not change what is stated in 24.4.3. The SIs should say divided by the number of fleets but it doesn't. So therefore our score should be divided by two. As the SIs should be followed.

Response:

There was a typographical error in the SIs, this will be corrected.
The scores are correct.
