### Scoring Inquiry:

Oliver started perfectly, between the orange flags at the start boat Race officer end. He was not over the line and finished 1st in the race. Oliver has been picked on by one official at this regatta, even in the days before the racing started he appeared to be bullied and targeted by this one adult person. We will check tonight for GoPro video footage. Oliver's start was witnessed by our whole support boat.

On the 4th race today we agree Oliver went low at the start line thinking a bouy was the pin, the actual pin boat was higher up. He still won this race, but on this occasion it is possible he did not start the over the race line maybe going low. We did not see race 4 start. We did see race 3 (this inquiry) and 5 where he was perfect and started over the correct line and won.

### Witnesses:

Joel Brazil Chris Tiedemann Depresh Go Pro video to be reviewed if turned on yet.
