Scoring Inquiry:

On our last race of qualifiers day 2 (green fleet), we as well as our coach (#81) counted that we were in 3rd or 4th place neck and neck with another boat. Though, once we checked the scoring sheet, we were placed as 7th. Although I do not remember the sail numbers, I know that the boat we were neck and neck with was a yellow zim and I'm positive they were both males, but it indicates in the scoring that the crew was female.
