Scoring Inquiry:

We are certain that we were boat 25 and that the current 25th (CZE15108) and 26th (FRA15081) boat were behind us when crossing the finish line. We crossed the line right behind the start ship as it was clearly advantaged over the lower end. The two mentioned boats crossed lower and clear after us, FRA15081 was already behind us at the lee mark and CZE15108 directly in front of us but could not sail as directly/high to the finish line as us, because they still were sailing on their spinnaker.

Witnesses:

Response Title:

We checked both finish lists. Boat SUI 14495 was scored correctly.
